

Free surgical facemasks will be available to everyone while supplies last this Friday in Great Barrington and Pittsfield.

Wheeler & Taylor Insurance will hand out 1,000 facemasks at its Great Barrington office at 333 Main St. and its Pittsfield office at 402 East Street Friday, May 8, from 10 a.m. until supplies are gone. Pull up in your car for the drive-thru.

The community service is designed to help local residents comply with Governor Charlie Baker's order to wear masks in public both indoors and outdoors, according to Scott Rote, president of Wheeler & Taylor, an independent insurance agency with several offices in Berkshire County.

This is the first of a series of community services planned by Wheeler & Taylor to help people stay safe during this pandemic.
